

HANDS-ON WORKSHOP

Nature Photography- Using photography as an educational tool to connect and inspire students with their local natural environment.

Sharon Meredith, Sharon Meredith Photography

Abstract

Delegates are invited to join local photographer Sharon Meredith for a fun and free Nature Photography workshop.

This workshop is hands-on, participants will venture into the great outdoors to discover the photography basics, such as how to best compose your photographs and how to work with natural light. Participants will learn how to capture the colours and shapes of native flowers and tips and tricks for snapping wetland landscapes.

Whilst out adventuring with your camera you will also learn about the Wetland setting, it's vulnerability, a brief historical overview and the wildlife that call this wetland home.

The workshop will finish with reflection on the session and participants will be encouraged to pick their favourite photographs and discuss them with the group.

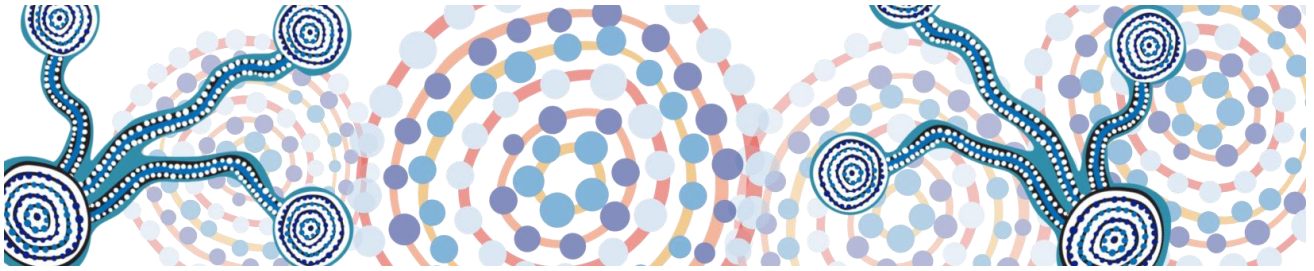

Requirements:

- Bring your phone or a digital camera.
- Wear sturdy walking shoes and dress for the weather.
- Bring a bottle of water.

Duration: 120 minutes

Acknowledgement

Sharon Meredith acknowledges the Traditional Custodians of the land on which we meet and pays respects to their Elders past and present.

Speaker Profile

Sharon has a passion for environmental and grassroots projects. Trained in the arts, community development and environmental studies. Her strength is bringing my skills together to design creative educational projects that communicate environmental messages in a positive and engaging manner. Sharon's speciality is developing creative and educational content for digital applications, behaviour change campaigns and interactive workshops.
